Using Amplify Reading

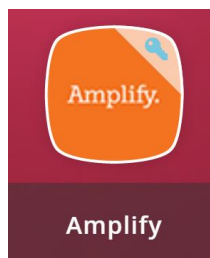

Practice on skills at home should provide opportunities to extend student learning of unfinished instruction or focus on maintenance of major academic skills. Both can be accomplished with Amplify Reading.

Amplify Reading provides your child with the opportunity to learn and practice literacy skills within an engaging story world that adapts to each student as they move through the program. This means that you do not need to assist students with their learning. Once your child can log in, they're ready to start using the program.

Grade	Length of Session	Sessions Per Week
K-3	15	3 Times
4-5	20	3 Times

Access Amplify Reading by going to **Launchpad** (Classlink), **Amplify**, and selecting **Reading K-5**.
