

# McNeese Leisure Learning

## ACT Math Concepts

### ACT Math Concepts

You will learn to recognize which approaches to use for different problem types. Also, what critical items must be memorized and we will work on memorizing them in class.

Learn steps to solve trigonometric ratios (Yes, you can do it!), refreshers of simpler items such as the order of operations and many things in between.

Let's clear up confusion about things that you may partially remember and introduce you to entirely new knowledge as well.

**Instructor: Vanessa Lama**

9:00 am – 12 Noon, Saturday, Sept. 28

9:00 am – 12 Noon, Saturday, Oct. 5

9:00 am – 12 Noon, Saturday, Oct. 19

No class Oct. 12!
