

SQUAWK TALK

A NEWSLETTER FOR THE R.W. VINCENT COMMUNITY

We hope everyone is enjoying the cool fall weather we have been lucky enough to be experiencing the past few days. We would like to remind everyone that even though the mask mandate has been lifted our other COVID-19 protocols are still in place. We understand that having your child sent home due to symptoms is inconvenient, however, we at RWV want our students and staff to be healthy and safe while at school.

As we are working towards keeping our students physically healthy, CPSB is also concerned about their social and emotional health. CPSB has adopted **Suite360** as our social-emotional learning curriculum and it is available for use at home as well. Students work on an assigned lesson at school each week. All parents of CPSB students have access to **Suite360 Parent**. This program offers multimedia lessons that provide engaging social-emotional learning experiences for your child and great tips for you. Parents can access **Suite360 Parent** by going to the following URL <https://calcasieu.suite360sel.org/> and clicking "Sign Up" then enter the School Activation code "**calcasieu**"

November Family Involvement:

We have many things to be thankful for this so far this school year, please help us create a Thankful Turkey for our hallway! Please work with your child to decorate the feather that's provided (if you need another, please let your child's teacher know) with any materials that you wish. Be creative, use glitter, feathers, pictures, crayons, markers, sequins, stickers, leaves, etc. Please send the cutout, decorated feather back to school as soon as possible to your child's teacher, be sure to put your child's name, grade, and teacher on the back of the feather. We look forward to seeing everyone's feathers create an awesome RWV Thankful Turkey!

November Upcoming Events:

11/9 - 1st Progress Report of 2nd 9 Weeks
