

SQUAWK TALK

**A NEWSLETTER FOR THE
R.W. VINCENT COMMUNITY
November 2022**

It's Turkey Time! Happy November to everyone! We've entered the 2nd 9 weeks of the school year and our students are working hard. If you have questions about your student's progress, please reach out to their teacher through e-mail or by leaving a message in the office.

November is Diabetes Awareness Month, with World Diabetes Day celebrated on November 14th. This month and day were selected since 11/14 is the birthday of Sir Fredrick Banting, who co-discovered insulin along with Charles Bent in 1922. Please join us on November 14th by wearing **BLUE** to bring awareness to diabetes, the progress that has been made and the progress that is to come regarding this disease!

November Family Involvement:

We have many things to be thankful for this so far this school year, please help us create a Thankful Turkey for our hallway! Please work with your child to decorate the feather that's provided with any materials that you wish. Be creative, use glitter, feathers, pictures, crayons, markers, sequins, stickers, leaves, etc. Please send the cutout, decorated feather back to school as soon as possible to your child's teacher, be sure to put your child's name, grade, and teacher on the back of the feather. We look forward to seeing everyone's feathers create an awesome RWV Thankful Turkey!

November Upcoming Events:
