

Grading Updates for Students Returning to **FACE-to-FACE/On-Campus**

- **How many Odysseyware assignments am I required to complete?**
 - Each school site will count 1 OW grade a week when not in session/open.
 - Schools will use the start date of September 28 to count weeks.
 - Example:** School A opens to face-to-face instruction on October 19, so a total of 3 OW grades/assignments would be required for students in this scenario.
 - September 28 to October 2= 1 grade
 - October 5 to 9= 1 grade
 - October 12 to 16= 1 grade
- **What if I completed more than the required number of assignments?**
 - The teacher will take the *best* of OW grades required if the student did more than the set number.
 - Teachers will award bonus points for additional work outside of the required number of assignments.
 - **Example:** School A has 5 required OW assignments. Student A has completed 8 OW assignments when she returns to school. The teacher will take the best 5 of the 8 OW assignments completed. For the 3 remaining OW assignments, the teacher will award bonus points.
- **What if I was unable to complete any or all Odysseyware assignments when my school was not in session?**
 - Teachers will use the set number of OW grades for their school OR other assignments identified by the teacher for students without any OW grades or with missing OW grades.
 - Example: Student A returns to school where 5 OW grades are required. The student has only completed 2 OW assignments.
 - The teacher can 1) require the student to complete the 3 missing OW assignments 2) assign other work to make up for the missing OW assignments.

- **What are the grade deadlines for Odysseyware assignments?**
 - All Odysseyware/teacher supplemented work from the 1st and 2nd nine weeks will be due at the end of the 2nd marking period.
 - The program-set deadlines in Odysseyware are not accurate since you have until the end of the 2nd marking period to complete any Odysseyware or teacher-assigned work from the time that your school was not in session.
 - Assignments from your teachers once your school is in session will follow grading and deadline policies set by your teachers.
- **When will I get my report card?**
 - There will not be a report card for the 1st marking period.
 - You will receive your first report card at the end of the 2nd nine weeks. This report card will have grades for both the 1st and 2nd marking periods.
- **Where do I go to see my current grade in each class?**
 - Check Student Progress Center for an accurate reflection of your grade.
 - Odysseyware does NOT reflect the correct average for your grade. It only averages what assignments you completed and does not consider assignments that you did not do.
