- ELA Observations & Feedback..... Mrs. Gonzalez & Ms. Domain

- TAP Talk..... Jill & Jesse

- Building Leadership..... Mr. Baynes & Mr. Guillory

- Something of Significance..... Mrs. Johnson & Mr. Steward

- Sharing Success Roundtable..... Principals Discussion

Implementation: Parent Involvement in School Improvement Plans

In the 2019 regular session, the Legislature updated and clarified the requirements for school systems relative to parent involvement in school improvement plans. School systems are required to take two actions:

1. **Present the 2019-2020 approved school improvement plans** to families within **60 days** of the start of the school year. A draft presentation which school systems may adapt is available. As required by law, the Department will report to the Legislature on each school's compliance by March 1. School systems must report their meeting dates to the Department using this survey by **December 1**.
2. **Consult with parents** when developing school improvement plans within the Super App for 2020-2021.

School Support Institutes
Observation and Feedback Pathway
Day 1: Observing and Providing Targeted Feedback in ELA

Session 1: Vision of Excellence

Create a list of the 3 most critical things you look for when you observe an ELA classroom

A large empty rectangular box provided for writing the list of 3 most critical things to look for when observing an ELA classroom.
