NATIONAL 4-H WEEK

OCTOBER 4 - 10

For more than 112 years, the 4-H Program of Louisiana has been engaging youth in activities that help develop skills for a lifetime. These skills range from communication to community service and from goal setting to leadership. Regardless of the skill learned, the benefits gathered from a young person participating in the 4-H Program is priceless.

The 4-H Program is a nationwide youth development program that has nearly 6 million youth involved in it annually. Administered in Louisiana by the LSU AgCenter Cooperative Extension Service, 4-H serves youth in all 64 parishes in the state through a network of 64 Parish Extension Offices. 4-H is managed jointly by both a professional and volunteer staff. Louisiana 4-H has more than 235,000 youth participants and more than 9000 volunteers working together to deliver the projects, opportunities, and events offered annually through the program.
