

How to Log into Canvas to Access Courses

There are several ways that students can access Canvas to log in. Choose the way that you prefer: typing URL into a browser's address bar, from the CPSB webpage, or from ClassLink LaunchPad.

Typing URL into a Browser's Address Bar	
<p>1. Go to the Google Chrome or Microsoft Edge browser.</p>	
<p>2. Type https://www.cpsb.org/canvas into the address bar.</p>	
<p>3. Sign in if necessary, using the same CPSB email and password used to log into CPSB computers at school. Student emails are first initial + last initial + student ID number + @cpsb.org.</p> <p><i>Example: John Smith's student ID number is 123456. Therefore, the email would be js123456@cpsb.org.</i></p>	
<p>4. One logged in; the student is on the Canvas Dashboard. All Canvas courses in which the student is enrolled can be found on the Dashboard and Courses under the Global Navigation menu. Click the course name to open the Canvas course.</p>	

From the CPSB Webpage

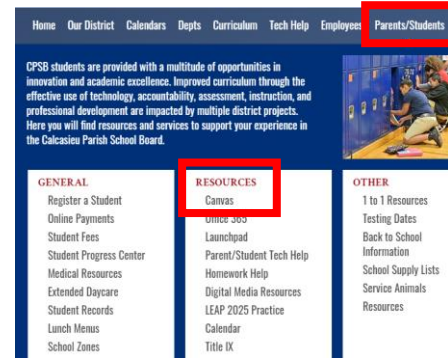

5. Go to the Google Chrome or Microsoft Edge browser.

6. Type www.cpsb.org in the address bar and select **Parents/Students**.

7. Under Resources, click on **Canvas**.

8. Follow steps 3-4 to sign in and access courses.

From CPSB LaunchPad

9. Go to the Google Chrome browser.

10. Type <https://launchpad.cpsb.org/> into the address bar.

11. Click on the **Canvas CPSB app**. The student is logged into Canvas and taken directly to the Canvas Dashboard.
