Mrs. Duhon 6th Grade Math
Week 13 November 6th - 10th

Module 2: Operations with Fractions and Multi-Digit Numbers
Topic E: Division of Multi-digit Numbers

	Monday November 6th	Tuesday November 7th	Wednesday November 8th	Thursday November 9th	Friday November 10th
Lesson	Lesson 18: The Standard Division Algorithm	Lesson 19: Expressing Quotients as a Decimal	Lesson 20: Real-World Division Problems	Topic E Test: Division of Multi-Digit Numbers	No School Veteran's Day
Pages	0	0	0	0	0
We will…	divide using the standard algorithm	divide using the standard algorithm and express quotients as decimals	create and solve real-world divisin problems	0	0
Bell Ringer	Multiply whole numbers	Express Decimals as Fractions	Round Decimals	0	0
Exit Ticket	Divide using the standard algorithm	Divide using the standard algorithm	Real-World Division World Problem	0	0
I will...	Give an example that shows why you must regroup when using the standard division algorithm	Discuss why we express a quotient as a decimal	Determine in what types of real-world situations do we use division.	0	0
State Standards	6.NS.B.3 Fluently add, subtract, multiply, and divide multi-digit decimals using the standard algorithm for each operation.
