

STATE TESTING

☆☆☆ tips for success

- Make sure that your child gets a good night's sleep each night. It is very important to get to bed early and get plenty of rest. The recommended amount of sleep for kids in elementary school is between 9-11 hours per night.
- Provide a light, healthy breakfast on test day. Breakfast is also provided at school until 7:35. Making sure kids have a balanced breakfast the morning of testing helps them to stay energetic and awake throughout the day!
- Make sure your child has everything they need each morning (Daily medications, glasses, etc.)
- School begins at 7:45. Please be on time. If a student is late, they will not be able to test that day.
- Send your child off to school with praise and support: You'll do great! Believe in yourself! I love you!
- Remind your child to follow directions, read questions carefully, and look at all answers before choosing one.
- Tell your child to check their answers before completing the test.
- Do not schedule trips or appointments during testing days. A doctor's excuse will be required to make up the exam.

3rd – 5th grade LEAP testing will take place
Tuesday, April 25th - Friday, May 5th
