

COLLEGE OAKS ELEMENTARY
REDESIGN FAMILY MEETING
December 2, 2020
ATP-PTO Meeting

Welcome [College Oaks Elementary](#) Families!

Here at [College Oaks Elementary](#) our students are just as capable as any students across the US.

Every day, we are committed to ensuring that our students have the opportunity to grow and thrive so they can reach their potential.

To do this, we need a plan in place to ensure every teacher is prepared to provide every student what they need to be successful.

Creating a Redesign Plan for Improvement

Therefore, as required by state and federal laws and regulations, we submitted a redesign plan to the Louisiana Department of Education in the winter of 2020 to support our school's improvement.

We received approval of this plan from the Department in spring of 2020.

The key components of our plan that will lead to school improvement include:

- an improved, standards-aligned curriculum for students that meets the criteria to be the highest rated curriculum in the state
- training for our teachers on the use of this curriculum

Commitment to College Oaks Elementary Families

Our goal is to keep you informed, today and throughout the year, on the implementation of our redesign plan.

Today, we'll provide information on:

- our school and student performance data that caused the department to identify our school as being in need of improvement;
- overview of our redesign plan;
- timelines for implementation of our plan and attainment of performance goals; and
- implications of our plan for students, families, and educators.

Working Together for School Improvement

We are committed to providing families with meaningful, two-way communication about [College Oaks Elementary's](#) plan and your child's academic progress throughout the year.

Here are ways we can partner to meet our plan's goals:

- **Communicate with us:** Contact your child's teacher or principal with questions about your child's progress, learning needs, or school events/programs through email, REMIND, and other ways communicated by your child's teacher.
- **Support learning at home:** Use the resources provided by your child's teacher to assist with learning at home.
