E. K. Key “Garden Club” is sponsoring a Campus Beautification Day in March

We take great pride in having a clean and beautiful campus for our students, teachers, and families, but this does not happen by itself! This year, Mrs. Gertz & Mrs. Daigle Garden club sponsors, with the help of Key’s Garden Club & CITGO our Partner in Ed, we will host a Campus Beautification Day on Saturday, March 7th, @7:30 – noon, where students and parents can be active in helping to maintain and beautify our campus.

Thanks for our successful t-shirt fundraiser we were able to purchase the following supplies for our school, The New school sign, plants for the beds west side of the school.

Our task for Saturday:
• Laying pavers for a sitting area
• Making 2 flower beds
• Planting our Spring garden
• Putting together a bench
• Sprucing up the front of the school
