Important Summer School Information

All students K-5th at OPE are eligible to attend Summer School at OPE June 6th-July 1st. This is a Summer Strengthening program that will allow your child an opportunity to strengthen skills in preparation for the next grade! This is a wonderful opportunity for all students to get a jump start on the 2022-23 School Year! Applications went home on yesterday so please turn them in ASAP! This is not a remediation program so if your child is being retained summer school will not allow them to be promoted but it will help prepare for the upcoming school year! If you have any questions about Summer School, please call or email Mrs. St. Mary. Please take advantage of this great opportunity!
