

READ-A-THON

BUILDING FOUNDATIONS
FOR THE FUTURE

★★ VOLUNTEERS NEEDED ★★

Purpose: A community-wide effort in which stakeholders volunteer to record grade-level texts from the Guidebooks Tier 1 curriculum. These readily-available recordings can be accessed multiple times through a variety of mediums, and as many times as necessary to promote student success. Students, and parents of students who attend Zone schools Calcasieu Parish, will benefit from the flexibility of being able to access lessons at a time that is conducive for their respective learning environments at home. The recorded texts will also offer an added support to students with disabilities as well as other students with diverse learning needs.
