RESOLUTION

WHEREAS, there is on-going litigation over the opioid epidemic across our Nation which includes Calcasieu Parish as an affected area; and

WHEREAS, La.R.S. 42:263 authorizes the retention of counsel by any school board upon a statement of reasons why such counsel is necessary and upon approval by the Louisiana Attorney General; and,

WHEREAS, to proceed ahead in this litigation it has become necessary for the Calcasieu Parish School Board (hereinafter “CPSB”) to retain outside counsel to prosecute and defend their interest in these legal proceedings; and

WHEREAS, to accomplish such, will necessitate the CPSB contracting with outside legal counsel; and

WHEREAS, in an effort to limit the costs of such legal counsel, the CPSB intends on engaging legal counsel on a contingency fee basis, with any fees coming only from any additional revenues which may be generated from this litigation; and

WHEREAS, this litigation involves complex issues of law dealing with Mass Torts on a Nationwide basis and therefore a real necessity exists for the employment of counsel with experience in these fields and it is recognized that the Laborde Earles Law Firm, Hoffoss Devall, and Plauche, Smith & Nieset, have such experience in these matters and therefore the request of employment, by the CPSB, on a contingency basis as hereinafter enumerated, is hereby approved, subject to the approval of the Attorney General of the State of Louisiana in accordance with La. R.S. 42:263 et. seq.; and

WHEREAS, the CPSB will benefit from the collection of any funds collected with the assistance of the legal counsel contracted by the CPSB.

NOW THEREFORE BE IT RESOLVED by the CPSB, in a duly called open meeting, it does hereby authorize Karl Brudhaus, Superintendent of the CPSB to contract with and engage legal representation from the Laborde Earles Law Firm, Hoffoss Devall, and Plauche, Smith & Nieset, as legal counsel for the benefit of the CPSB, on a contingency fee basis, with fees not to exceed 25% of the recovery, unless otherwise set by the court or agreed to and paid by Defendants, plus costs collected for its benefit, in the above referenced potential litigation.

BE IT FURTHER RESOLVED that CPSB be and are hereby authorized to pay said legal fees to the legal counsel contracted by the CPSB to provide legal services in the above referenced matters
prior to or contemporaneously with the disbursal of any funds, interest and penalties to the CPSB.

NAME:

_____________________________
TITLE:
CONTINGENT FEE AGREEMENT AND POWER OF ATTORNEY

CALCASIEU PARISH SCHOOL BOARD ("Client") hereby employs and retains LABORDE EARLES LAW FIRM, HOFFOSS DEVALL, and PLAUCHE, SMITH & NIESELT (herein referred to as “Attorneys”) to represent Client as set forth in this Agreement.

1. SCOPE OF REPRESENTATION

   Client hereby engages Attorneys to investigate, evaluate and prosecute all of Client’s available claims for recovery of any monies owed to Client by reason of the acts, omissions, fault, strict liability, and otherwise of the manufacturers, sellers, distributors of opioids and of others who participated in aspects of opioid use and abuse (“the Claims”). Client acknowledges that Client has engaged Attorneys for the sole purposes expressly stated in this Agreement and none other. Client understands Attorneys are not making any representations of any kind to perform any legal services that are not expressly stated in this Agreement.

2. AUTHORITY OF THE ATTORNEYS

   Client authorizes Attorneys to take all steps that Attorneys, in the exercise of their professional judgment, deem necessary and proper regarding the investigation, filing, and handling of the Claims, including filing the Claims, hiring expert witnesses, negotiating a settlement, and, if necessary, filing or intervening/participating in a lawsuit or other action. Client authorizes and empowers Attorneys to investigate, institute, and prosecute a claim for the recovery of any and all money damages arising out of the Claims, and to prosecute the Claims to resolution by a settlement or judgment.

3. ATTORNEYS’ FEES

   Client understands the Attorneys’ fees will be calculated based on the gross amount of any and all monies obtained after the date Client signs this Agreement relating to the Claims (the “Recovery”). Except as provided in paragraph 9, if there is no Recovery, Client owes Attorneys no Attorneys’ fees. In consideration of the services to be rendered to Client by Attorneys, Client hereby assigns, grants and conveys to Attorneys the following:

   25% of any Recovery.

4. ADVANCED EXPENSES

   Client understands that Attorneys will advance expenses, which, in the professional judgment of Attorneys, are reasonably necessary for the prosecution of the Claims. Client understands that, if there is a Recovery, advanced expenses will be deducted from Client’s share of the Recovery after the contingent fee is calculated. Except as provided in paragraph 9, if there is no Recovery, Client is not obligated to reimburse advanced expenses. Attorneys agree that the term “expenses” and/or “advanced expenses” means amounts actually paid and/or incurred by Attorneys in the prosecution of the Claims, such as accounting fees, filing
fees, overnight mail, and expert witness fees. Attorneys agree to not include long distance calls, fax fees, or any expense that is part of Attorneys’ usual overhead as an advanced expense.

5. **ASSOCIATE COUNSEL**

Client understands Attorneys are law firms with several lawyers and support staff working on Client’s Claims. The Attorneys’ fee split disclosed in this paragraph does not affect or increase the Attorneys’ fees described in Section 3. Attorneys have assumed joint responsibility for prosecution of Client’s Claims. Client agrees that the Attorneys may split fees so long as their actions do not increase the Attorney fees and expenses otherwise owed by Client pursuant to this Agreement. Attorneys shall, prior to distribution of Attorneys’ fees, notify Client in writing as to the share of the fee each Attorneys’ firm shall receive.

6. **DISBURSEMENTS OF PROCEEDS**

Client understands that any Recovery shall be deposited in Attorneys’ trust account. Attorneys shall disburse proceeds as soon as reasonably practicable after Attorneys receipt of any Recovery. At the time of disbursement Attorneys shall provide Client with a detailed closing statement reflecting the amount of Attorneys’ fees and advanced expenses.

7. **SETTLEMENT AUTHORITY**

No settlement of the Claims shall be made without Client’s full knowledge and approval. Client has sole and exclusive authority to accept or reject any settlement amount. Client agrees to carefully review and consider Attorneys’ recommendation as to whether to accept or reject any settlement offer. Client agrees to not make a settlement (or offer of settlement) without the prior consent of the Attorneys. Client hereby designates and appoints Attorneys as Client’s **sole** negotiator in any such settlement dialogue or discussion.

8. **NO GUARANTEE OF RECOVERY**

Client acknowledges that Attorneys have made no representation, guarantee or assurance of any kind regarding the likelihood of recovering on the Claims. Attorneys have not represented that Client will recover any damages, compensation or other funds. Client acknowledges the possibility exists that there will be no Recovery on the Claims.

9. **TERMINATION**

i. **Client’s Termination.** If Client elects to terminate Attorneys’ engagement prior to the full conclusion of the Attorneys’ prosecution of the Claims, Client understands and agrees Attorneys have and are entitled to file a first lien for the percentage(s) indicated in Section 3 (the “Attorneys’ Fee”).

ii. **Attorneys’ Termination.** If Attorneys determine, in their sole professional judgment, to terminate this engagement Client shall not be obligated to pay Attorneys’ fees or advanced expenses.
iii. **Written Notification Required.** Client and Attorneys mutually agree that cancellation and/or termination of this Agreement must be: (i) in writing; (ii) addressed to the other party at the address indicated on the signature page of this Agreement; and (iii) sent via the USPS or overnight carrier by the party seeking to terminate the Agreement.

10. **DISPOSITION OF FILE**

2. Term of Agreement

The term of this agreement shall be effective upon execution of the agreement through July 31, 2018.

If this agreement extends beyond the current fiscal year and notwithstanding anything to the contrary and when applicable, both parties acknowledge and agree that pursuant to the applicable state law, this agreement is subject to an annual appropriation dependency requirement to the effect that the renewal of this agreement is contingent upon the appropriation of funds by either party to fulfill any future payment requirements of this agreement. The CONTRACTOR also agrees to provide immediate notice, but in no case later than three (3) business days, after being notified that the CONTRACTOR, or any subcontractor, has been added to the “System for Award Management” or otherwise been disbarred from contracting on any projects involving federal funds. In no event shall CONTRACTOR utilize a subcontractor at any time during the duration of this agreement who has been disbarred from contracting on any projects involving federal funds. NON-DISTURBANCE AGREEMENT

This NON-DISTURBANCE AGREEMENT (this "Agreement") made this __ day of ____, 2018, by and between the CALCASIEU PARISH SCHOOL BOARD, a political subdivision of the State of Louisiana, with its principal offices located at 3310 Broad Street, Lake Charles, Louisiana 70615 ("Prime Landlord"), and RAMPART COMPLETIONS LLC, a Delaware limited liability company, having an office at 410 South Rampart Blvd., Suite 440, Las Vegas, Nevada 89145 ("Subtenant").

RECITALS

WHEREAS, Prime Landlord is the landlord and Chennault International Airport Authority (formerly known as Chennault Industrial Air Park Authority) is the tenant ("Sublessor") under a certain lease dated as of July 17, 1986 (the "Prime Lease") for certain land and the improvements thereon, which is the site commonly referred to as Chennault International Airport (the "Premises");

WHEREAS, Sublessor and Subtenant have entered into a lease dated ____, 2018 (the "Sublease") for a portion of the Premises (the "Leased Premises"), as more particularly described in the Notice of Lease executed by Sublessor and Subtenant and recorded with the Calcasieu Parish Clerk of Court in Book _____, Page _____;

WHEREAS, as a condition to the Sublease, Sublessor is required to use its best efforts to obtain this Agreement from Prime Landlord; and

WHEREAS, following such request from Sublessor, Prime Landlord has agreed to enter into this Agreement with Subtenant.

NOW, THEREFORE, in consideration of the mutual promises herein contained, Prime Landlord and Subtenant agree as follows:

1. Recognition. Prime Landlord hereby agrees with Subtenant that, in the event of termination of the Prime Lease, Subtenant, if it is not then in default beyond applicable notice and grace periods with respect to any of the covenants or conditions of the Sublease to be performed or observed by Subtenant, shall peaceably hold and enjoy the Leased Premises for the
remainder of the unexpired term of the Sublease, upon the same terms, covenants and conditions as in the Sublease, including any options to extend set forth therein. Subject to the provisions of the preceding sentence and Section 3 hereof, the Sublease shall continue in full force and effect, and Prime Landlord shall recognize the Sublease and Subtenant's rights thereunder and will thereby establish direct privity of estate and contract as between Prime Landlord and Subtenant, with the same force and effect and with the same relative priority in time and right as though the Sublease was originally made directly from Prime Landlord in favor of Subtenant.

2. **Attornment.** In consideration of the foregoing covenants by Prime Landlord, Subtenant does hereby covenant with Prime Landlord that in the event of a termination of the Prime Lease, Subtenant will recognize and attorn to Prime Landlord as if Prime Landlord was Sublessor under the Sublease for the remainder of the unexpired term of the Sublease, upon the covenants and conditions thereof to be performed and observed by Subtenant. Said attornment shall be effective and self-operative without the execution of any further instruments on the part of any of the parties hereto immediately upon Prime Landlord succeeding to the interest of Sublessor in the Leased Premises. Subtenant further agrees that Prime Landlord will have the same remedies for the nonperformance of any agreement in the Sublease which Sublessor had or would have if the Prime Lease had not been terminated.

3. **Exceptions to Prime Landlord's Obligations after Termination of the Prime Lease.** In the event of termination of the Prime Lease, Prime Landlord shall not be liable for any act or omission of any prior party to the Sublease (including Sublessor) to the extent that liability or damages accrue during a period in which Prime Landlord has not succeeded to Sublessor, unless such prior act or omission is continuing in nature and Prime Landlord has received prior written notice thereof, except that the foregoing shall not derogate from the continuing obligations of the Prime Landlord to be performed under the Sublease from and after the date on which the Prime Lease is terminated, including the obligation to recognize any pre-payment of rent.

4. **Notices.** Copies of any notices from Prime Landlord to Sublessor under the Prime Lease shall be simultaneously provided to Subtenant. All notices required or permitted to be given hereunder shall be in writing and delivered by United States mail, postage prepaid, by registered or certified mail, return receipt requested, or by a reputable overnight delivery service, addressed to the respective parties at the addresses given on page 1 of this Agreement.

5. **Amendments.** This Agreement may not be waived, changed or discharged orally, but only by an agreement in writing and signed by the parties hereto and recorded with the Calcasieu Parish Clerk of Court and any oral waiver, change or discharge of any provisions of this Agreement shall be without authority and of no force and effect.

The board of commissioners announced the selection of W. Kevin Melton as Chennault's executive director. Melton joins Chennault from American Airlines, where he was a project manager, facilitating and directing airport terminal and hangar construction projects for national and international sites.

Melton retired from the U.S. Air Force as a colonel after 24 years of service, during which he was part of the Pentagon's Joint Staff. His primary experience is as an airfield operations officer, responsible for all airport operations, including air traffic control, airfield management and flight service operations. He served as lead for the U.S. Department of Defense to support the rebuilding of Iraqi and Afghan civic airspace infrastructure as part of nation rebuilding operations.

"Kevin’s wealth of experience in aviation and the airport operations will be invaluable to Chennault," said Chennault board president Charles Dalgleish. "The board and staff look forward to Chennault’s continued growth as a leading economic driver in the region with Kevin at the helm."

Melton also brings airshow experience to his new position, having provided direct support to several airshows, and served as military airshow director for the Dayton Airshow in Ohio.

A native Tennessean, Melton holds bachelor’s and master’s degrees from Middle Tennessee State University as well as a master’s degree in national resource strategy from the National Defense University.

Mr. Dellafosse entered the meeting at 5:09 p.m.

On motion by Mr. Hayes seconded by Mr. Hardy, it was recommended that Budget Revision #3 to the 2017-2018 General Fund be approved as presented. The motion passed.

Mr. Dellafosse made a motion to approve the 2018-019 General Fund Budget for advertisement and final approval at the July 2018 Board and seconded by Mr. Roberts. After discussion, Mr. Dellafosse withdrew his motion and Board Members will meet with Mr. Bourne in small groups to discuss the budget in detail and then present it at the June 12th, regular Board meeting to authorize for advertisement and final approval at the July 2018 Board meeting.

The last item was permission to issue a Request for Proposal (RFP) for disaster recovery services. The existing contract was not bid out in accordance with FEMA procurement standards and guidelines which in turn could jeopardize any future federal disaster assistance for which the Calcasieu Parish School Board would otherwise be eligible.

A motion was made by Mr. Roberts, and seconded by Mr. Hayes to grant permission to issue a Request for Proposal (RFP) for disaster recovery services. The motion passed.

Memorandum

To: Board Members

From: Karl Bruchhaus, Superintendent

Date: June 12, 2018

Subject: I-210 Early Completion Incentive

The I-210 bridge construction project will begin in late 2018. By all accounts the construction will create hardships on our area roads. The estimates on construction time will be up to 24 months. One whole side of the bridge will be closed, while the other will be two-way traffic, with a barrier in the middle. All agencies are worried about the length of the project, the inconveniences caused, and the effects on services.

The members of the gaming pool, including the Police Jury and municipalities, have developed a proposal to provide an incentive for early completion of the project by one or two months. They have asked the School Board, as a participant in gaming revenues, to participate with the group financially. The total amount of the governmental incentive would be $375,000 paid upon completion of the contract if earned, likely in 2020. The maximum contribution by the School Board would be $33,471.00. It appears that various business interests will provide an additional $375,000 to match the government payment.

The payments for entities would be taken directly from the gaming pool before distribution in 2020 if earned by the contractor. The Calcasieu Parish School Board will definitely be affected and inconvenienced by the bridge construction. It will be in our best interest to have the timeline shortened by as much as possible.

Staff is recommending participation in the agreement.

** Phase 5:** Mill and overlay within limits of affected asphalt sections on both approaches to the bridge. Complete installation of lighting and electrical equipment. Return to normal operation.
CONCLUSIONS AND RECOMMENDATIONS

Based on the analysis results, the following conclusions can be made:

- The increase in travel time for trips crossing the river can go up by 70% during construction period. Similarly, the increase in travel time for corridors connecting I-10 and I-210 can go up by 40% during construction period.
- Overall, Alt-A (closing bridge in both directions for entire duration of project) causes significant travel time increase for motorists and Alt-B (closing one lane each direction on I-210 Bridge) causes minimal increase in travel time during bridge rehabilitation project.

Following are recommendations based on analysis results during the I-210 Bridge rehabilitation project:

- This study recommends the implementation of Alt-B due to better traffic operations when compared with the remaining three I-210 Bridge lane closure alternatives.
- The short-term and long-term recommendations to manage congestion and to improve safety are shown in Figure 19.
- Distribute travel time impact figures to all local stakeholder groups (school board, VA center, Major employers, transit agencies, ambulance service providers etc.) and public so they can prepare and plan for the anticipated delays during construction.
- Identify locations and install electronic message boards on the east (west of Lafayette, LA) and west (east of Beaumont, TX) sides of Lake Charles recommending that I-10 through traffic detour using US 190.
- Identify and implement detour signage for heavy truck traffic to use I-10 bridge since trucks will be prohibited on I-210 bridge during construction.
- Implement detour signage and variable message signs on key arterials to provide real time travel information and variable message signs for entire project period.
- It is recommended that LADOTD, emergency service providers and other local agencies should coordinate and develop an incident management plan during the entire project period to clear incidents as quickly as possible.
- Coordinate with local industry to check the feasibility of moving freight by barge or rail there by reducing truck traffic on roads.
- Coordinate with major employers on travel demand strategies to reduce vehicular traffic on roadways during peak periods. Examples include staggered work hours or flex time, park & ride lots outside the construction influence area etc.
