Principal Investigators: Darrell McDaniel, CPSB STEM Educator Development Leader, Calcasieu Parish School Board, 600 S. Shattuck St., Lake Charles, LA 70601, (337) 217-4450 x2442, darrell.mcDaniel@cpsb.org; Nick Limberis, Science Teacher, Calcasieu Parish School Board, Lake Charles Boston Academy, 1509 Enterprise Blvd., Lake Charles, LA 70601, (337) 217-4390, nick.limberis@cpsb.org; Gary D. Kratzer, Ed.S, Naturelab Coordinator, McNeese State University, Box 91860, Lake Charles, LA 70609, (337) 475-5817, gkratzer@mcneese.edu.

Project duration: July 1, 2018 to June 30, 2020 (flexible).

Project objectives include: 1) Provide hands-on professional development to 16 teachers from CPSB high schools and middle schools; 2) Conversion of an existing freshwater aquaponics system to saltwater for the cultivation of wetland grasses that will be part of a wetland restoration and stewardship action project; 3) Provide students with outdoor field activities that support the Louisiana State Science Standards while bringing attention to wetland issues that are relevant locally; 4) Increase teacher content knowledge and awareness of environmental issues. 5) Increase student attitudes toward environmental stewardship.

Summary: The premise of the grant proposal will be to switch an existing aquaponics system at Lake Charles Boston Academy (LCBA) from freshwater to saltwater, replace the catfish with Gulf killifish, and replace the current vegetation with coastal grasses. The project will include professional development for teachers (a summer workshop) that will allow them to understand how the aquaponics lab emulates the interdependence of animal and plant species in nature. They will learn how to perform water quality tests and interpret the results of the data that is collected. All of the following levels would be monitored to ensure that the system is operating optimally: Temperature, Salinity, Ammonia, Nitrite, Nitrate, pH, Iron (Ferrous & Ferric), Alkalinity, and Dissolved Oxygen. Throughout the training, teachers will learn how each of these quantities is affected by changes in the system and the parameters necessary to sustain life. Teachers will learn how to create miniature classroom aquaponics systems for their students to have hands-on experiential learning opportunities after they visit Naturelab and the LCBA aquaponics lab. Each of these classroom systems will consist of 3 aquaponic systems. One will exist as a control and the other two will be used to test an experimental variable. Beyond this, the LCBA aquaponics lab will be equipped with data logging sensors that will be able to share real-time data via the
internet with any participating classroom in the district. Students and teachers can monitor changes in their own classroom systems and track changes in the LCBA system online.

The teachers who have been trained during the summer will take their students on a field trip that will include spending time at the McNeese Naturelab located in Tuten Park where they will learn about water quality from McNeese personnel by collecting samples and analyzing their data on site. The field trip will continue to Lake Charles Boston Academy where they will visit the aquaponics lab. Students will not only learn the workings of an aquaponics system but will also learn about coastal erosion and restoration. They will come to understand the importance of coastal wetlands and marshes in Louisiana. Ultimately, selected students from each school will participate in a culminating event where the grasses grown in the aquaponics system will be planted as part of a wetlands restoration project. All together these events will create a Meaningful Watershed Educational Experience (MWEE) as stipulated in the guidance for this project.

On a motion to approve by Mr. Duhon and a second by Mr. Dellafosse, the motion carried.

Notes and Recommendations

Nov. 2017 sales tax supplement is recommended to be $2,850 for those employees tied to the teacher's salary schedule and all others to be $2,000; to be paid on Nov. 30, with employment determination date of November 9, 2017.

SI and CFO determined that there was sufficient funds available as Sales Tax Surplus funds from the 1995 tax and the 2015 tax combined at the end of fiscal year 6/30/17.

SI and CFO determined that approximately $14.5M could be used to pay supplement considering long-term concerns of diminishing MFP funding and future Sales Tax uncertainty.

Also considered was the payment of approx. $2.5M in COMPASS stipends in October 2017 from surplus ST funds.

**STUDENT FEES, FINES AND CHARGES**

The Calcasieu Parish School Board may impose certain student fees or charges to help offset special costs incurred in the operation of specific classrooms or subjects. No student shall be deprived of proper instruction should the student not be able to pay any student fees, however. Generally, students should not be denied or delayed admission nor denied access to any instructional activity due to failure or inability of their parent or guardian to pay a fee. Report cards and other academic records cannot be withheld for failure to pay a fee, pursuant to La. Rev. Stat. Ann. §17:112(C).

The School Board shall ensure that the following information regarding student fees be published on the School Board’s website and on the website of each school, as well as in each school’s student handbook:

- descriptions of each student fee being charged,
- the dollar amount of each student fee,
- how each student fee will be collected and used,
- the deadline by which each student fee is due and the desired method of payment,
- the process for collection of unpaid fees,
- the process whereby students and families may request an economic hardship waiver,
- the criteria by which economic hardship waivers may be approved, and
- the process whereby any denial of request for waiver may be appealed.

Such information shall be reviewed and updated by the Superintendent and staff annually prior to the start of the school year.

**Economic Hardship Waivers**

The School Board may reduce or waive certain fees for economically disadvantaged students and students whose families are experiencing economic hardships and are
financially unable to pay them. Examples of families facing economic hardship include, but are not necessarily limited to, families receiving unemployment benefits or public assistance, including Temporary Assistance for Needy Families (TANF), Supplemental Nutrition Assistance Program (SNAP), Supplemental Security Income (SSI) or Medicaid; foster families caring for children in foster care; and families that are homeless.

All requests for economic hardship waivers of student fees and any and all supporting documentation used in considering the validity of any request for a waiver shall be confidential.

DAMAGE TO TEXTBOOKS/INSTRUCTIONAL MATERIALS

The School Board may require parents and/or legal guardians to compensate the school district for lost, destroyed, or unnecessarily damaged books and materials, and for any books which are not returned to the proper schools at the end of each school year or upon withdrawal of their dependent child. Under no circumstances may a student of school age be held financially responsible for fees associated with textbook replacement.

Compensation by parents or guardians may be in the form of monetary fees or community/school service activities, as determined by the School Board. In the case of monetary fees, fines shall be limited to no more than the replacement cost of the textbook or material, but may, at the discretion of the School Board, be adjusted according to the physical condition of the lost or destroyed textbook. A school system may waive or reduce the payment required if the student is from a family of low income and may provide for a method of payment other than lump-sum payment.

In lieu of monetary payments, both school systems and parents/guardians may elect to have students perform school/community service activities, provided that such are arranged so as not to conflict with school instructional time, are properly supervised by school staff, and are suitable to the age of the child.

Under no circumstances may a school or school district refuse the parent/guardian the right to inspect relevant grades or records pertaining to the child nor may the school or school district refuse to promptly transfer the records of any child withdrawing or transferring from the school, per requirements of the Federal Family Educational Rights and Privacy Act.

Under no circumstances may a school or school district deny a student promotional opportunities, as a result of failure to compensate the school district for lost or damaged textbooks. Students shall not be denied continual enrollment each grading period nor re-entry in succeeding school years as a result of lost or damaged books.

Students shall not be denied the use of a textbook during school hours each day. The school system shall annually inform parents and/or legal guardians of the locally adopted procedures pursuant to state law and regulation, regarding reasonable and proper control of textbooks.

The School Board may require parents and/or legal guardians to compensate the school district for lost, destroyed, or unnecessarily damaged books and materials, and for any books which are not returned to the proper schools at the end of each school year or upon withdrawal of their dependent child. Under no circumstances may a student of school age be held financially responsible for fees associated with textbook replacement.

Compensation by parents or guardians may be in the form of monetary fees or community/school service activities, as determined by the School Board. In the case of monetary fees, fines shall be limited to no more than the replacement cost of the textbook or material, but may, at the discretion of the School Board, be adjusted according to the physical condition of the lost or destroyed textbook. A school system may waive or reduce the payment required if the student is from a family of low income and may provide for a method of payment other than lump-sum payment.

In lieu of monetary payments, both school systems and parents/guardians may elect to have students perform school/community service activities, provided that such are arranged so as not to conflict with school instructional time, are properly supervised by school staff, and are suitable to the age of the child.

Under no circumstances may a school or school district refuse the parent/guardian the right to inspect relevant grades or records pertaining to the child nor may the school or school district refuse to promptly transfer the records of any child withdrawing or transferring from the school, per requirements of the Federal Family Educational Rights and Privacy Act.

Under no circumstances may a school or school district deny a student promotional opportunities, as a result of failure to compensate the school district for lost or damaged textbooks. Students shall not be denied continual enrollment each grading period nor re-entry in succeeding school years as a result of lost or damaged books.

Students shall not be denied the use of a textbook during school hours each day. The school system shall annually inform parents and/or legal guardians of the locally adopted procedures pursuant to state law and regulation, regarding reasonable and proper control of textbooks.

CORPORAL PUNISHMENT

Every teacher is authorized to hold every pupil to a strict accountability for any disorderly conduct in school or on the playground of the school, or on any school bus going to or returning from school, or during intermission or recess.

Teachers and principals are authorized to use reasonable corporal punishment against any pupil for good cause in order to maintain discipline and order within the schools, with the exception of the Calcasieu Parish Schools Headstart centers, and students with exceptionalities, as defined below. Headstart guidelines prohibit teachers and administrators from engaging in corporal punishment, emotional or physical abuse or humiliation. At no time shall corporal punishment be administered in the presence of another student. All school personnel and parents shall be fully informed of these provisions at the beginning of each school year.

Corporal punishment means using physical force to discipline a student, with or without an object. Corporal punishment includes hitting, paddling, striking, spanking, slapping, or any other physical force that causes pain or physical discomfort.

Corporal punishment does not include:

1. The use of reasonable and necessary physical restraint of a student to protect the student, or others, from bodily harm or to obtain possession of a weapon or other dangerous object from a student.

No form of corporal punishment shall be administered to a student with an exceptionality, excluding gifted and talented, as defined in La. Rev. Stat. Ann. §17:1942 or to a student who has been determined to be eligible for services under Section 504 of the Rehabilitation Act of 1973 and has an Individual Accommodation Plan.
Therefore, the Calcasieu Parish School Board hereby authorizes its teachers and principals to employ, when necessary, corporal punishment in a reasonable manner to maintain discipline and order in the schools or at all school-sponsored activities, subject to the following regulations:

1. Corporal punishment shall be administered in a reasonable, fair, and impartial manner. Abuse or misuse of corporal punishment by the teacher or principal, especially the act of being malicious, with willful and deliberate intent to cause bodily harm, shall not be tolerated.

2. Corporal punishment shall not be used unless the student was forewarned that a specific behavior could cause its use.

3. Prior to the administering of corporal punishment, the student shall be given an opportunity to explain his or her version of the facts.

4. Corporal punishment can only be administered in the company of a professional staff member who has been informed beforehand and in the student’s presence of the reason for the punishment.

5. The use of corporal punishment shall at all times be reasonable and proper. Considerations in this regard shall include but not be limited to the following:
   
   A. Age of child;
   
   B. Size of child;
   
   C. Sex of child;
   
   D. Ability to bear the punishment; and
   
   E. Overall physical condition of the child.

6. Corporal punishment shall not be administered in anger or with malice at any time.

7. Corporal punishment shall be administered to the posterior anatomy (buttocks) in the area below the waist and above the thighs for a maximum of three (3) times.

8. Corporal punishment shall be used only after other means of solving discipline problems have been explored and failed.

9. The procedures specified in regulations above do not apply in those cases where the student’s behavior is so blatant, disruptive, antisocial, or flagrant in nature as to shock the conscience.

10. Teachers and principals shall keep written records of misconduct wherein corporal punishment is administered.

    This record shall be placed on file in the principal’s office the day such punishment occurs.
School principals, assistant principals or appropriate designees who have administered corporal punishment shall provide the child’s parents or legal guardians, upon request, a written explanation of the reasons and the name of the school employee who was present as a witness. For each incident of corporal punishment, a Corporal Punishment Incidence Checklist shall be completed and maintained in the administrative offices of the school.

11. If the parents so request, the principal of the school where the punishment was administered must furnish a copy of the written report of corporal punishment.

11. The principal of each school shall have the authority and the responsibility of holding every member of his/her staff accountable for understanding and administering corporal punishment as set forth by these regulations.

For purposes of clarity, corporal punishment, as described herein, shall be defined as, and limited to, the administering of physical punishment by means of paddling or spanking the buttocks. Consideration must be given to the age, size, emotional condition, and health of the students. When physical punishment is administered, there is always the possibility of physical injury and subsequent legal ramifications. Therefore, extreme caution should be employed when administering corporal punishment.

However, Nothing contained herein shall be interpreted as prohibiting an employee from using physical force, reasonable and appropriate under the circumstances, in defending himself against a physical attack by a student or to restrain a student from attacking another student or employee.

IMPERMISSIBLE CORPORAL PUNISHMENT

In instances where allegations of abuse of a student are reported against an employee, principal or other school official, through the administering of impermissible corporal punishment or any other moral offense, the Superintendent shall promptly investigate the action, in accordance with policy GAMC, Investigations.

Upon receipt of the student’s diabetes management and treatment plan, the school nurse shall conduct a nursing assessment of the student’s condition and develop an Individualized Healthcare Plan (IHP). The school nurse shall be given not less than five (5) school days to develop the IHP and shall implement the IHP within ten (10) school days of receipt of the diabetes treatment plan. The school nurse must assess the stability of the student’s diabetes both at home and in the school setting prior to the development of the IHP for care in the school setting.

The parent or legal guardian shall be responsible for all care related to the student’s diabetes management and treatment plan until the IHP is developed, the parents or legal guardian have agreed to and signed the IHP, and the diabetes management and treatment plan is put into place by the school nurse.

If so, the parent/legal guardian shall accompany the student to the activity to administer any medication.

If the parent/legal guardian cannot attend the field trip/activity with his/her child, the parent/legal guardian shall request in writing that the medication be administered on a pending field trip/activity by a non-School Board employee designated by the parent, or another trained person designated by the School Board. Such request shall include supporting documentation as outlined in this policy. The request shall state that the parent/legal guardian gives permission for the designee or another trained person to administer the medication. If the parent does not designate a non-School Board employee to attend the field trip/activity, once the proper documentation has been submitted, the School Board shall assign a trained School Board employee to accompany the student on the field trip or other school-sponsored activity.

Neither the School Board nor the school employee shall be held liable for any adverse reaction relating to the employee’s application of the sunscreen or his/her cessation of such application.

SCHOOL BUS CONDUCT

The Calcasieu Parish School Board directs that the bus driver, together with the principal, shall assume full responsibility for discipline of pupils riding buses. It is the duty of the driver, in case of any infraction of rules by any student, to notify the principal of the school the student attends. If possible, this must be done in person—it is the responsibility of the principal to determine necessary punishment to students violating regulations.

If found necessary, the principal may suspend bus privileges. Any parent of a pupil suspended from riding a school bus shall have the right to appeal to the Superintendent, who shall conduct a hearing on the merits of the bus suspension.

A pupil damaging a school bus shall be subject to suspension from school. Any pupil suspended for damages to any school bus shall not be readmitted until payment in full has been made for such damage or until his/her readmittance is directed by the Superintendent.

At no time shall the bus operator assume authority for suspending bus privileges or taking disciplinary action. Smoking on school buses by students or operators shall not be permitted. Students shall be notified of all bus regulations.
The Calcasieu Parish School Board recognizes the driver of a school bus to be in authority with regard to pupil behavior in or about the vehicle which he/she operates. School Board regulations regarding proper conduct on school buses shall be provided in writing to students and parents/legal guardians at the start of school each year. The bus operator shall report disorderly or unmanageable pupil conduct to the principal of the school in which the pupil is enrolled. Such conduct by a pupil shall be good cause for the principal to suspend the privilege of riding any school bus; however, bus operators may not administer disciplinary action and shall continue, except in extreme emergencies, to transport a pupil until disciplinary action is administered by the school. It shall be the responsibility of the parents of pupils, in such cases, to provide transportation to and from school during the period of any suspension/expulsion of bus riding privileges.

In all cases of suspension of bus riding privileges, the parent, bus operator, Special Education Department, and the Supervisor of Transportation shall be notified by the principal in writing, within forty-eight (48) hours of such decision, of the facts concerning each suspension, including reasons and term of suspension.

If the principal recommends the expulsion of bus riding privileges for a student, a hearing shall be conducted by the Superintendent or his/her designee and thereby informing the student and parent as to why bus riding privileges are being recommended for expulsion. The student, at that time, shall be given an opportunity to explain his/her version of the incident(s) to the Superintendent or his/her designee. The decision of the Superintendent/designee shall be final.

A pupil who causes damage to a school bus shall be subject to suspension from school and shall not be readmitted until acceptable provisions for restitution have been made for such damage or until readmittance is directed by the Superintendent.

PROCEDURES FOR REPORTING BUS CONDUCT

1. All schools shall be provided with the School Bus Behavior Report Form, which shall be completed on any occasion when a pupil’s conduct on a bus is unsatisfactory.

2. One copy of the School Bus Behavior Report Form shall be signed by the parent and returned to the school principal. In all such cases a pupil shall be permitted to continue to ride the bus until transportation privileges have been denied by action taken by the appropriate school administrator.

3. In cases of severe misconduct, the principal or designee may temporarily suspend the pupil’s bus privilege until appropriate disciplinary action is taken. The pupil’s parents should be immediately notified of the temporary suspension.

4. Immediately after taking disciplinary action, the principal, or designee, shall sign and shall indicate the disciplinary action taken on the School Bus Behavior Report Form. Copies of the report shall be distributed to the pupil’s file; to the parent; and to the driver. A copy of the report may also be sent to the Superintendent or designee.
SCHOOL BUS CONDUCT

The Calcasieu Parish School Board recognizes the driver of a school bus to be in authority with regard to pupil behavior in or about the vehicle which he/she operates. School Board regulations regarding proper conduct on school buses shall be provided in writing to students and parents/legal guardians at the start of school each year. The bus operator shall report disorderly or unmanageable pupil conduct to the principal of the school in which the pupil is enrolled. Such conduct by a pupil shall be good cause for the principal to suspend the privilege of riding any school bus; however, bus operators may not administer disciplinary action and shall continue, except in extreme emergencies, to transport a pupil until disciplinary action is administered by the school. It shall be the responsibility of the parents of pupils, in such cases, to provide transportation to and from school during the period of any suspension/expulsion of bus riding privileges.

In all cases of suspension of bus riding privileges, the parent, bus operator, Special Education Department, and the Supervisor of Transportation shall be notified by the principal in writing, within forty-eight (48) hours of such decision, of the facts concerning each suspension, including reasons and term of suspension.
If the principal recommends the expulsion of bus riding privileges for a student, a hearing shall be conducted by the Superintendent or his/her designee and thereby informing the student and parent as to why bus riding privileges are being recommended for expulsion. The student, at that time, shall be given an opportunity to explain his/her version of the incident(s) to the Superintendent or his/her designee. The decision of the Superintendent/designee shall be final.

A pupil who causes damage to a school bus shall be subject to suspension from school and shall not be readmitted until acceptable provisions for restitution have been made for such damage or until readmittance is directed by the Superintendent.

**PROCEDURES FOR REPORTING BUS CONDUCT**

1. All schools shall be provided with the *School Bus Behavior Report Form*, which shall be completed on any occasion when a pupil's conduct on a bus is unsatisfactory.

2. One copy of the *School Bus Behavior Report Form* shall be signed by the parent and returned to the school principal. In all such cases a pupil shall be permitted to continue to ride the bus until transportation privileges have been denied by action taken by the appropriate school administrator.

3. In cases of severe misconduct, the principal or designee may temporarily suspend the pupil's bus privilege until appropriate disciplinary action is taken. The pupil's parents should be immediately notified of the temporary suspension.

4. Immediately after taking disciplinary action, the principal, or designee, shall sign and shall indicate the disciplinary action taken on the *School Bus Behavior Report Form*. Copies of the report shall be distributed to the pupil's file; to the parent; and to the driver. A copy of the report may also be sent to the Superintendent or designee.

5. In the event of an appeal of the principal's decision by parents, a hearing may be scheduled by the Superintendent or designee.

MINUTES
CURRICULUM & INSTRUCTION COMMITTEE MEETING
December 5, 2017

The Calcasieu Parish School Board Curriculum and Instruction Committee met Tuesday, December 5, 2017 in the Board Room, 3310 Broad Street, Lake Charles, Louisiana.

Committee Members Present: Annette Ballard; Chair, Aaron Natali; Vice Chair, Fred Hardy, Alvin Smith, Russell Castile, Damon Hardesty, Eric Tarver, Dean Roberts. Committee Members Absent: Chad Guidry. Other Board Members Present: Mack Dellafose, John Duhon, Ron Hayes, Wayne Williams. Board Members Absent: Billy Breaux, Glenda Gay.

The C&I Committee Meeting was called to order at 5:00pm. by Annette Ballard, Chairman. A quorum was present.

On the agenda was a presentation by C&I pertaining to the district’s use of assessment and the importance of aligning assessments, curriculum, and instruction across the district. The presentation by Mr. Campbell focused on three major ideas. First was the urgency for changes to the design of classroom assessments in what our standards dictate that students learn. Second Mr. Campbell addressed the number of assessments given at each grade level that are required by the state or district. Lastly the importance of aligning assessments, curriculum, and instruction to the rigor and format of the State Standards and the LEAP 2025 Assessments was explained.

Following the presentation, Mr. Campbell and Mr. Bruchhaus fielded numerous questions from Board Members concerning our use of assessments and the important role they play. Mr. Bruchhaus impressed upon the Board Members present that our plans are to move forward with making the adjustments needed to bring our district more in line with the State Standards through the use of quality assessments, curriculum, and by putting greater emphasis on our teachers making the needed instructional shifts in each core subject.

This presentation was for information only and the meeting adjourned following questions from Board Members.

There being no further business to discuss, Mrs. Ballard requested a motion to adjourn at 6:32p.m. which was made by Ron Hayes and seconded by Eric Tarver.

Re: Calcasieu Parish School Pods - Change Order No.7 / COR #52

Jon Van Weele <jvw622@gmail.com>
To: Sam Cavys <sam@millerandassoc.com>

Good morning Sam. It looks like 118 square feet of counter to including a 28 inch full height back splash. There will have to be two seams in the counter top and two seams in the backsplash. I can do this in my lower line of quartz for 50 dollars a square foot and your undermount sink cutouts are $150 per sink. I will mount the sink and drill the faucet holes and it will be ready for a plumber to hook it up. The material will be 2 cm thick on both the counter top and backsplash. This is the only thickness it comes. So in Total you would be looking at $6500. Please give me a call if you have any questions.

Thanks
Jon

Sam, Gena, Chris,

Harold has advised that Change Order No.7 must be finalized and forwarded to CPSB for approval by December 5, 2017, in order to be included on the Agenda for the next CPSB meeting.

Harold will set up a meeting with Wilfred Borne prior to this date, in order to review the Costs for Change Order No.7, particularly for Change Order Request No.52 (E.K.Key revisions).

Based on the initial cost, they have asked us to review the pricing for cost savings options, if possible.

The only possibility for savings I see (without deleting items) is the quartz counter tops. I had sent you a contact for Jon VanWheele with Southern Edge in MB. He carries a "budget" line of quartz that is less

RE: Classroom Pods X (MA #1701)
Change Order Request #55-Clarifications
**Revision of COR #52**

1. We have eight (8) hours figured in COR 52 to patch and cut block for the masons. They have already moved off-site, so any other repairs incurred would require a re-mobilization therefore eight (8) is a minimum charge.

2. You requested the quote for door and hardware for COR 52. I send three (3) requests for pricing for one (1) door and hardware to Himmel and have never received a quote. I guessed at the price and hope I guessed close to the real cost. I have nothing to send you due to no response from Himmel.

3. We have all the markerboard/tackboards for the schools in our possession. The up-charge represents four (4) more 12’ markerboards and four (4) tackboards.

4. I re-looked at Cabinets by Monty and realized he had the laminated top and labor to install. The adjustments are reflected in COR 55 as a revision of COR 52.

5. Lake Area Plumbing has no change to their original quote.

6. We requested a deduct for the cabinet tops and did not receive one from Cabinets by Monty. The labor was duplicated and therefore adjusted also.

Sincerely,

Sam Cavys
