2023-2024 BETA Photo & Notification Authorization Form

State & Federal laws mandate that we **must** have permission to publish photographs and names of students on official school social media sites, our school website, SchoolWires, Canvas, school newsletters and at the District, State, & National Beta levels. Our students in Beta go above & beyond so we would love to highlight them when given the chance.

In addition, this Authorization form will give your child permission to join both Remind and/or Group Me to receive notification messages regarding our Beta Club. Given the announcement system in place at S.J., not all our students are receiving announcements of upcoming events and deadlines. These messaging systems allow up-to-date information to be shared in real time without delay.

By signing this authorization form, you are giving us permission to allow the following:

- ✓ Publish photographs of your student(s) to showcase their achievements, projects, & volunteer work.
- ✓ Publish videos of your student(s) to showcase their achievements, projects, & volunteer work.
- ✓ Allow your student to sign-up for Remind and/or Group Me to receive notifications messages about our Beta Club.

Please check the boxes below as they apply to your student:

- I agree to all the terms above
- I would **not** like photos or videos to be published
- I would **not** like my student to join Remind and/or Group Me
