## ENGINEERING DESIGN PROCESS

At Citgo Innovation Academy, students are engaging daily in the engineering design process. Why is this so important?

The Engineering Design Process emphasizes open-ended problem solving and encourages students to learn from failure. This process nurtures students' abilities to create innovative solutions to challenges in any subject!

## MIGHTY MU MATH COMPETITION

Mrs. Gertz's math team competed at the Mighty Mu Math competition on Feb. 11th at Barbe High School. Jordan, Drake, and Oliver placed 7th in the individual competition. Addalee received honorable mention.
