**FAQ**

**How do I upload students into the system?**
District administrators should download the District SIS Upload instructions and course appendix documents to prepare districts files for upload. **Contact the EAGLE Help Desk** with questions.
*If you do not have a user account, please see your teacher.*

EAGLE 2.0

# VIEW SCHEDULED TESTS

**View Tests Scheduled by Your Teacher**

1. Click on **Schedule**.
2. Review the list of tests to decide on which test you will take today. Your teacher will give you instructions.
3. The table provides the following information:

   a. Test Name

   b. Teacher

   c. Test Availability (begin and end date)

   d. Time Limit

   e. Time Remaining

   f. Goal

   g. Status of test (completed, not started, in progress, expired)
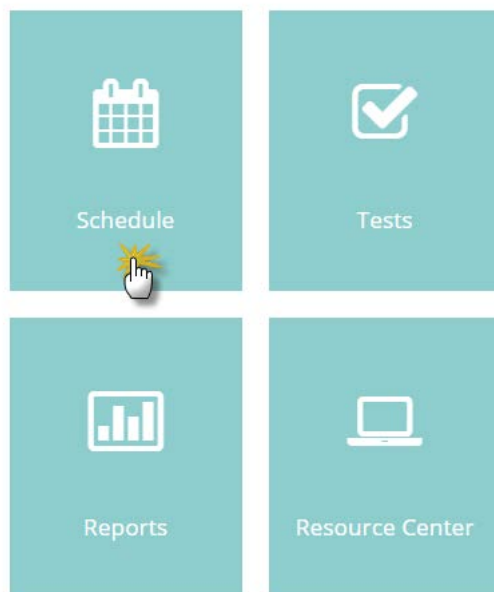

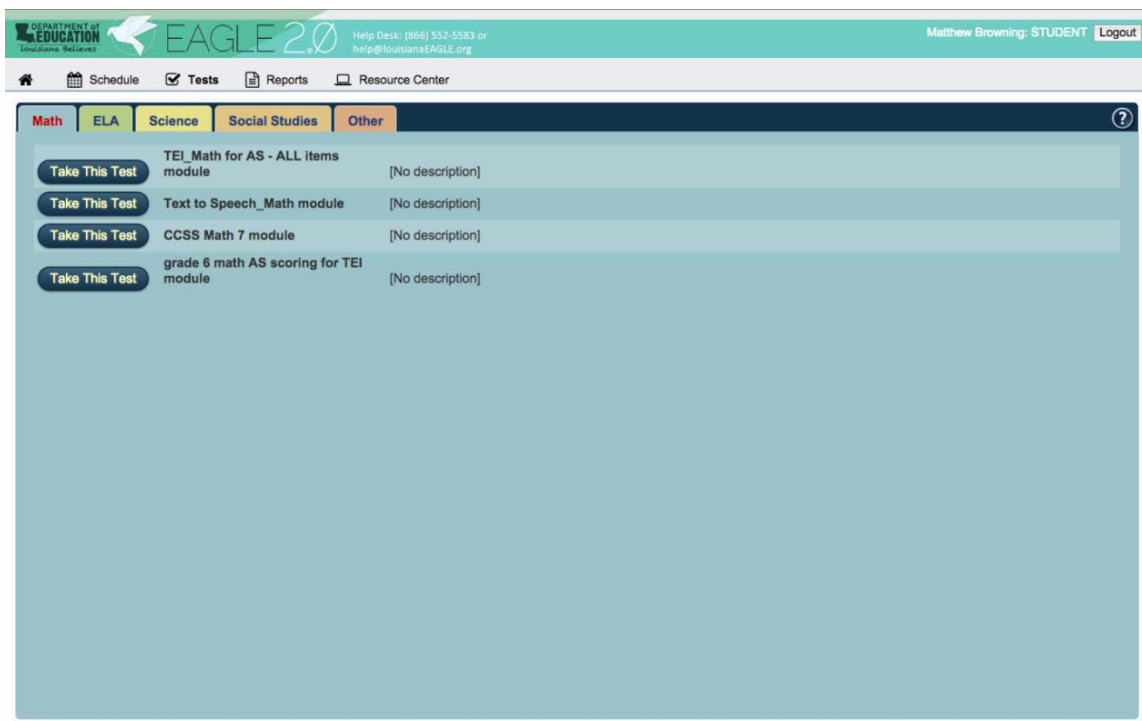

# TAKE A TEST

## Step 1: SELECT THE SUBJECT AREA

☑ **Tests**

1. Click the subject tab on the test folder.

2. Any tests that you have assigned for this subject will appear on the folder's list.

## Step 2: TAKE ASSIGNED TEST

1. Click on the test name inside the subject folder.
2. The student testing window contains the following:
   a. The question and answer choices
   b. A link to a passage, if associated with the question
   c. Any math tools associated with the item (such as the protractor, ruler, calculator or typing help)
   d. A timer representing the time limit if assigned by your teacher

6

## TAKE A TEST

## Step 3:  REVIEW/ SUBMIT ANSWERS

1. Read the question.

2. If a question is associated with a passage, internet page, graphic, or book parts, click the corresponding tab or button to view the source.

3. If a passage contains footnotes, move the mouse over the superscript and the footnote will be displayed.

4. If a question requires you to use a protractor, ruler, or calculator, click the corresponding button in the upper left portion of the question.

    a. You may move any of these tools by clicking and dragging to the desired location.

    b. To close the tool, select 'Click here to close.'

5. When you are ready to answer a multiple-choice question, click on the radio button next to the answer you have chosen.

6. When you are ready to answer a constructed-response question, click in the text field and type your response.

7. Click on the radio button next to I guessed or I knew the answer (this is optional) for each multiple-choice question in the test.

8. When you have completed the question, click Save Answer.

9. The bubbles at the bottom of the page will turn red for the questions you have answered.

10. At any point during the test you may click Exit Test.

11. Then choose **Return Later** or **Finish** from the pop-up box.

- Choosing **Return Later** allows you to come back to this test and either review your answers or continue taking the test.
- Choosing **Finish** will mark your test complete, send your completed test to your teacher, and post your test results in the Score Reports feature.
- Remember, once you click Finish, you will NOT be able to return to the test, even if you have not answered all the questions.
